## Delerium

You can't see my eyes  
You can't see my eyes  
They don't see yours  
Hear me when I say  
I don't mind at all It's the rain that I hear coming  
Not a stranger or a ghost  
It's the quiet of a storm approaching  
That I fear the most  
It's the pain that I hear coming  
The slightest crystal tear, drops to the ground  
In silence, when my love is near  
Darling, when did you fall? When was it over?  
Darling when? When did you fall? When was it over?  
It's marching through my door now  
The stony cold of lonesome  
A bell tolls for my heart and then my lonesome song begins  
It's marching through my door now  
The stony cold of lonesome  
A bell tolls for my heart and now my lonesome song begins Darling, when did you cry? I  
couldn't hear you  
Darling when? When did you cry? I couldn't hear you I suppose it is the price of falling in love  
I suppose it is the price of falling in love It's the rain that I hear coming  
Not a stranger, not a ghost  
Of the quiet of a storm approaching  
That I fear the most  
It's the pain that I hear coming  
The slightest crystal tear drops to the ground  
In silence when my love is near  
It's marching through my door now the stony cold of lonesome  
A bell tolls for my heart and now my lonesome song will end Darling when did we fall? When  
was it over?  
Darling when? When did we fall? When was it over? I suppose it is the price of falling in love  
I fear that it's the price of falling in love
