

# Go Get It

## Mary Mary

It's like you're looking through a telescope  
You see where you gon' be  
Go and get it better  
You're not the person they see  
Can't be mad at the things you been through  
'Cause they built your muscle  
Now you're stronger than you've ever been  
They can't stop your hustle  
Your faith ain't never small  
That's what brought you this far  
See you got your dreams and you got your prayers  
And you got your God, he gonna take you there  
See, everybody has a season  
And I believe this one's yours  
'Cause you been working, waiting  
This what you been praying for  
Go get it, go get it, go get it  
Go get it, go get your blessing  
Go get it, go get it, go get it  
Go get it, go get it, it's your time  
It's your time, said it's your time  
It's your time  
You were made to live a good life  
And that's what I believe  
So hit the floor, say a prayer, start working  
You gotta do something  
It's alright to crawl before you walk  
It's alright to walk before you run  
But if you wanna get what you never got  
Gotta do something that you never start  
Go get it, go get it, go get it  
Go get it, go get your blessing  
Go get it, go get it, go get it  
Go get it, go get it, go get your blessing  
It's your time, it's your time  
It's your time  
You've been qualified for his mercy multiply  
You cannot be denied  
'Cause you're finally certified  
It's official, go 'head and testify  
He's gon' bless you, you gon' bless him  
Now God be glorified  
Go get it, go get it, go get it  
Go get it, go get your blessing  
Go get it, go get it, go get it  
Go get it, go get it, go get your blessing  
It's your time, it's your time  
It's your time  
Go get it, go get it, go get it  
Go get it, go get that blessing  
Go get it, go get it, go get it

Go get it, go get it, go get your blessing  
It's your time, said it's your time  
It's your timeGo get it
