

# Forever, Pt. II (feat. Kaleem Taylor)

## Snakehips

(Forever in my life)  
(Forever in my life)  
(Forever in my life)How's the point of disbelieving?  
Were you above the borderline?  
You pushed me right into the deep end, girl  
Ain't got no choice but take the dive(Forever in my life)  
Forever in my life I see you  
(Forever in my life)  
Forever you're in my life, I can't lose  
(Forever in my life)  
Forever I know where we're gonna break through  
(Forever in my life)  
Forever you got me, you got me knocked down  
Knocked down, you got me knocked down  
How's the part of my defenses?  
Were you above the edge of time?  
You're playing right into my weakness, girl  
Ain't got no choice but lose the fight(Forever in my life)  
Forever in my life I see you  
(Forever in my life)  
Forever you're in my life, I can't lose  
(Forever in my life)  
Forever I know where we're gonna break through  
(Forever in my life)  
Forever you got me, you got me knocked down  
Knocked down, you got me knocked downI can't deny it's early for these feelings  
Can't explain what will begin  
But I've learned some things happen for a reason  
So I walked into you knowing will I get  
(Forever in my life)  
Forever in my life I see you  
(Forever in my life)  
Forever you're in my life, I can't lose  
(Forever in my life)  
Forever I know where we're gonna break through  
(Forever in my life)  
Forever you got me, you got me knocked down  
Knocked down, you got me knocked down(Forever in my life)  
Forever in my life I see you  
(Forever in my life)  
Forever you're in my life, I can't lose  
(Forever in my life)

Forever I know where we're gonna break through

(Forever in my life)

Forever you got me, you got me knocked down

Knocked down, you got me knocked down
