

# Dimples (feat. Los Lobos)

John Lee Hooker

Hooker I got my eyes on you  
I got my eyes on you  
I got my eyes on you  
See everything you do  
I got my eyes on you. I love the way you walk  
I'm just crazy 'bout your walk  
I like the way you walk  
You made me ..... stuff  
I got my eyes on you  
I had a dream last night that I held you tight  
A dream to held you close  
Well, it's only a dream but as strange as it seems  
I thought that you belonged to me. I got my eyes on you  
I got my eyes on you  
I got my eyes on you  
See everything you do  
I got my eyes on you. I had a dream last night that I held you tight  
A dream to held you close  
Well, it's only a dream but as strange as it seems  
I thought that you belonged to me.  
I got my eyes on you  
I got my eyes on you  
I got my eyes on you  
See everything you do  
I got my eyes on you.
