

Setting the Night On Fire (with Chris Young)

Kane Brown

10 P.M., most folks are sleeping
But it's the weekend
So we ain't, and we know where the cows don't go
These 40 inch tires saving up pavement
So we're taking them on red dirt places somewhere offroad
You won't find us at no bar
I'll tell you right where we are?? where, no rules
Crack a Bud Light, get into the groove
Dancing in the middle of the night in the middle of a field
Just turning it loose
Well yeah, that's us
Don't need a downtown to get to tearing it up
Round here, just watching the stars get bright
Setting the night on fire, on fire, on fire
Setting the night on fire, on fire, on fire
Girls showing up late as always
Wow it's a party
Cut off sun dresses, they're ready to go
Don't need no dance road tonight
Just country music and good times?? where, no rules
Crack a Bud Light, get into the groove
Dancing in the middle of the night in the middle of a field
Just turning it loose
Well yeah, that's us
Don't need a downtown to get to tearing it up
But here just watching the stars get bright
Setting the night on fire, on fire, on fire
Setting the night on fire (on fire), on
fire (on fire), on fire (on fire)? You won't find us at no bar
I'll tell you right where we are
?? where, no rules
Crack a Bud Light, get into the groove
Dancing in the middle of the night in the middle of a field
Just turning it loose
Well yeah, that's us
Don't need a downtown to get to tearing it up
But here, just watching the stars get bright
Setting the night on fire (on fire), on
fire (on fire), on fire (on fire)
Setting the night on fire (on fire), on
fire (on fire), on fire (on fire)
Yeah

Setting the night ?n fire?n fire
