

What Do You Do When Love Dies?

Dusty Springfield

(Mary Unobsky / Donna Weiss) I wake up in the morning crying

I reach out for you, yeah

I make coffee for one now

Instead of for two

My days are so empty baby

There's nothing for me to do

And the night lost its meaning

The night I lost you

Help me baby

What do you when love dies?

Somebody help me, I'm losing my mind

What do you when love dies?

Somebody help me, I'm losing my mind I run for the 1: 10 uptown

The show starts at two

I'm surrounded by strangers

But I'm haunted by you

My life is without direction

Lost without you my love

The past is my shadow

My shadow is you

I ain't got nowhere to go What do you do when love dies?

Somebody help me, I'm losing my mind

What do you do when love dies on you?

Somebody help me, I'm losing my mind, yes I am, yeah

Yeah, what do you do when love dies on you?

Somebody help me, I'm losing my mind, yeah, yeah

Somebody help me, I'm losing my mind

The past is my shadow

My shadow is you

Yeah, yeah

What do you do when love dies on you?
