

Broken People

Logic & Rag'n'Bone Man

[Chorus: Rag'N'Bone Man]

We're broken people now

We're burning out

So cold and bleeding now now now

Gonna let you down

We're broken people now

We're broken people now [Verse 1: Logic]

Tell me that I won't ever be nothin', ain't that somthin'?

I've risen from the bottom

I got 'em eyes on the prize and inside 'em

Damn right I overcame, y'all know the name

We similar but never been the same

Everybody, yeah they know the name

Right now, we'll make it some how

We'll make it some way

Yeah you know we gon' get it today like

I'm all on my own now

I won't ever let you down

Won't let you down down down

[Bridge: Logic]

Yes I've been through it

They know I do it for the people

I'm fighting so we be equal

For my son and my sequel

And anybody who listenin'

In they system like venom

I get in 'em and spread viciously

This is me [Chorus: Rag'N'Bone Man]

We're broken people now

We're burning out

So cold and bleeding now now now

Gonna let you down

We're broken people now

[Verse 2: Logic]

We back at it

Young Logic, the rap addict

Giving it every part of myself on the real you would think that I'd be asthmatic

Allergic to your bullshit, yeah that's right I done had it

Real all the time, if you rep it get it tatted right now

This right here a vibe right now

I am too alive right now

I'm alive right now

Come on feel the vibe right now
Feel the vibe
Feel the vibe
Feel the- Feel the- Feel, Feel the- Feel the vibe[Bridge: Logic]
Yes I've been through it
They know I do it for the people
I'm fighting so we be equal
For my son and my sequel
And anybody who listenin'
In they system like venom
I get in 'em and spread viciously
This is me[Chorus: Rag'N'Bone Man]
We're broken people now
We're burning out
So cold and bleeding now now now
Gonna let you down[Verse 3: Rag'N'Bone Man]
Broken we ain't beaten
There's no glory in defeat
We won't fall into the cracks between our streets
We're broken people now
We're broken people now[Chorus: Rag'N'Bone Man]
We're broken people now
We're burning out
So cold and bleeding now now now
Gonna let you down
We're broken people now
