

Ain't you

Kleenex

ain't you wanna cut it out?
don't you wanna wait around?take your radio and your lies
take your radio and your love
take it in, now take it out
taking every valuable
push it in now push it out
push it out now push it in
take your radio and your lies
take your radio and your loveain't you wanna cut it out?
don't you wanna wait around?
take your radio and your lies
take your radio and your love
take it in, now take it out
