

# Extra Ordinary Thing

## Aqualung

Cheer up, it might never happen, no  
It might never happen, we will see  
As I sit here spitting and churning, no  
It's clear that it's happening right now to me Make it special  
For a loved one  
For a stranger  
This is subtle  
Hard to come by  
Extraordinary thing  
Oh no, there's even something  
Something's got to be better than nothing.  
Just because it's the end of the beginning,  
Doesn't mean it's the beginning of the end.  
Fallen fragile  
Broken busted  
All for nothing  
Sing my heart out  
For a stranger  
Extraordinary thing Sing my heart out  
For a stranger  
Extraordinary thing
