

Right Now

Trevor Jackson

Just stand right here.
Let me show you what I'm bouta
Do to that body.
And come down here.
Let me show you where to touch my body.
Let the foreplay begin.
I bet you never had this before.
Cause once I go in,
I'm gon' have you beggin' for more.
Girl I'm talking right now, right now, right now.
Yeah.
Right now, oh.
Can we make some love right now?
Like right now, right now, right now, ooh!
Right now, oh.
Can we make some love like right now?
(Right now, now, now.) Right now.
(Right now, now, now, now.)
Oh yeah.
Like right now, right now, right now, ooh.
Yeah, I'm talking like right now.
Right now, now.
Close your eyes.
Ice on your back got you so froze.
Yeah baby.
Now grab the sheets, yeah.
Cause girl I promise you gon' need Something to hold on to.
Let the foreplay begin.
Girl you never had this before.
And once I go in,
I'm gon' have you screaming for more.
I need you like right...
Girl I'm talking right now, right now, right now.
Yeah.
Right now, oh.
Can we make some love right now?
I said like right now, right now, right now.
Ooh.
Right now, oh.
Can we make some love like right now?
(Right now, now, now.) Right now.
