

# Don't Tell Me No

Ashanti

I know it's really over, but I had to tell you something that I forgot to tell you  
And if you want me, you know that if you want me, you can call me, baby, hit me, hit me  
however you want to I know I do and say a lot of things I don't mean  
I've been a lot to handle, made mistakes between you and me  
Yeah, I'm a headache, spoiled, but I'm ready  
To turn everything around cause I don't wanna see you leave me, baby  
I know it's crazy, you love me and you hated that I got your heart  
You can't stop loving me, loving me  
You'll say it's over, but I don't think you mean it  
Cause I see it in your eyes, you still be wanting me, wanting me  
Remember how you used to love me? And how I used to love you?  
Every time you'll remind me, baby, I just want that old thing back  
I still look in your eyes and I can tell that you want it  
Baby, don't tell me no, you be what I'm looking for  
(Don't leave, don't go  
Don't leave, baby, don't tell me no  
Don't leave, don't go  
Don't leave, baby, don't tell me no) I know it's crazy  
I know it's really crazy that I'm still calling you baby  
After everything that we been through  
But you're amazing when it comes to lovemaking  
Tell me what you want me to do  
Hands down, you are the greatest  
If anybody ask you're my favorite, my favorite  
You should be my one and only  
Still nobody know me like you know me  
Hands down, you are the greatest  
If anybody ask you're my favorite, my favorite, my baby  
You should be my one and only  
Still nobody know me like you know me, you know me, my homie  
Yeah, yeah
