## Timeflies

Fashionably late  
I'm last in  
I played the cards  
Time to cash in  
All the girls here is lookin' like Maxim  
Movie star life so it's lights, camera, action  
So lemme direct  
Only one word matters,  
So let's call it respect  
I am  
Locked in from the minute I walk in  
Through the middle of the floor  
So let's call it collect  
Well I don't need a gameplan  
I rock the club like a motherfuckin' caveman  
I was prayin' for these bottles and models,  
but now I got 'em  
So now I'm chillin' in the back saying "Amen"  
This too much fun  
You see, we finally startin' to get it like we should  
Like you been playin' 'lotto for life  
And it look like you just won  
So when they see you and you're lookin' this good  
Everybody gon' swoon  
Out here the parties never end too soon  
Happens every time I go and step up in the room  
I do it like that so lemme see ya,  
Lemme see ya swoon,  
Yeah, lemme see ya swoon  
We can set it off, make the bass go boom  
Do it so fly, I could take you to the moon  
We gon' run it back, so lemme see ya  
Lemme see ya swoon  
Yeah lemme see ya swoon  
Walked in,  
Place froze up  
Nowadays everybody shows up  
It's like that  
From the minute that we pulled up  
We gon' shut it down  
Until the club close up  
Table in the back, yeah,

I got ya  
See whatever you want,  
I won't cost ya  
Welcome to the life,  
Yes we do this every night  
'Cause you know that all the bras  
Pop off like cheap vodka Girls around me lookin like a huddle (Yeah)  
I need a hand; I could use a stunt double  
Somebody save me  
'Cause I'm getting into trouble  
See I tired out your girl,  
Now all she wanna do is cuddle (Ha ha)  
I could get used to this  
'Cause you know we gonna do this all the time  
I walked up "Excuse me miss,  
You're turning heads when you're lookin so fine..." Out here the parties never end too soon  
Happens every time I go and step up in the room  
I do it like that so lemme see ya,  
Lemme see ya swoon,  
Yeah, lemme see ya swoon  
We can set it off, make the bass go boom  
Do it so fly, I could take you to the moon  
We gon' run it back, so lemme see ya  
Lemme see ya swoon  
Yeah lemme see ya swoon After all the drinks I consume,  
Party all night, running on fumes  
Same clothes like I'm the cartoons  
'Cause I went and did it hard from midnight to noon  
Come around every time I sing a tune  
All the girls are lookin' like Heidi Klum  
Now everything' I'm reppin' is smelling like perfume  
And they do the same thing  
When I step in the room, they swoon.... Out here the parties never end too soon  
Happens every time I go and step up in the room  
I do it like that so lemme see ya,  
Lemme see ya swoon,  
Yeah, lemme see ya swoon  
We can set it off, make the bass go boom  
Do it so fly, I could take you to the moon  
We gon' run it back, so lemme see ya  
Lemme see ya swoon  
Yeah lemme see ya swoon Girl, you gotta swoon Out here the parties never end too soon  
Happens every time I go and step up in the room  
I do it like that so lemme see ya,  
Lemme see ya swoon,  
Yeah, lemme see ya swoon  
We can set it off, make the bass go boom  
Do it so fly, I could take you to the moon  
We gon' run it back, so lemme see ya

Lemme see ya swoon  
Yeah lemme see ya swoon(Let me see you swoon)  
(Ha) Swoon  
Yeah Let me see you swoon  
Yeah Let me see you swoon  
(Let's get it)  
(Swoon)  
We gon run it back so lemme see ya  
(Get it? Good)  
Swoon
