You ain't got no type, girl

Puerto Rican, black and Asian

Of course you like white girls

I like girls who like girls[Verse 2: Lil Skies]

Shawty, she a freak, she got everything I need

Her and all her friends going 'cause it's Skies and PnB
I would never tell our secret, let's just keep it in the sheets
Smoke a Backwood while you suck it, damn, you made it hard to breathe
Yeah, she legit (Yeah)
We walk inside the club and my girl leave with your bitch (Your bitch)
Her nails done, hair done, diamonds on her wrist (Her wrist)
We ballin' every day like what's a bench and an assist?
Got no type like Swae Lee (Lee)
My bitches all on fleek (Fleek)
Spread the love equally
I ain't switchin', pickin' teams (No)
Different locations with some foreigners overseas (Go)
And you know this shit ain't nothin' to a G 'cause [Chorus: PnB Rock]
I like girls who like girls (Like girls)
Kissing on her friend off white, girl (Off white, yeah)
And she 23 like Michael (Like Mike)
I like girls who like girls (Like girls, yeah)
Yeah, I like (Yeah)
I like girls who like girls (I like girls, yeah, yeah, yeah)
Yeah, I like (What?)
I like girls who like girls (Hey)
