

# We Are Warriors (feat. Bobby Lee)

## Morgan Heritage

Cool to be conscious  
Dem will try everything  
(Everything yeah)  
Just to hold you down  
(Just to hold you down)  
Down, down, down, down  
Soulja  
(Rockas)  
We are warriors  
The system can't hold us down  
We are warriors  
Jah brought the chains we fraid to move around  
We are warriors  
We have a plan to the games they play  
So we're doing everything one way, Jah way  
We are warriors  
Jah love we come to take the town  
We are warriors  
We are the soul this train is freedom bound  
We are warriors  
Reggae music the sound of sounds  
Nothing can break us down, down, down  
Cause we are warrior  
Positive vibrations we sent to every nation  
All across creation yeah yeah  
No matter the place or occupation  
Jah gon reach ya  
So freeup your meditation (Alright alright)  
We wanna see al those who suffer from poverty  
Live a better life yeah true true  
We're gonna fight this war til' it's over  
Cause I and I are the real warriors warriors  
We are warriors  
The system can't hold us down  
We are warriors  
Jah brought the chains we 'fraid to move around  
We are warriors  
We have a plan to the games they play  
So we're doing everything one way, Jah way  
Cause we are warriors  
Jah love we come to take the town  
We are warriors

We are the soul this train is freedom bound  
We are warriors  
We got reggae music the sound of sounds  
Nothing can break us down, down, down  
Cause we are warrior  
Break us down get down, can't break us down x 4  
Can understand we're gonna make it  
They got to face it  
That on the battle field we're gonna take it  
And we won't stand by complacent  
Living adjacent  
To Babylon's wicked displacement  
(No way)  
Temp them with the fire burning bars of steel  
(Fire)  
Let ya little brother push you out again  
(No)  
If you don't see it first then you gonna feel  
That we are warriors for real, real  
We are warriors  
The system can't hold us down  
We are warriors  
Jah brought the chains we 'fraid to move around  
We are warriors  
We have a plan to the games they play  
So we're doing everything one way, Jah way  
Cause we are warriors  
Jah love we come to take the town  
We are warriors  
We are the soul this train is freedom bound  
We are warriors  
We got reggae music the sound of sounds  
Nothing can break us down, down, down  
Cause we are warriors  
(Yeah)  
Morgan Heritage!  
Soulja!  
(Alright alright)  
Rockas'
