

# Our Demons (feat. Aja Volkman)

## The Glitch Mob

No wonder, you're so stubborn  
Nobody ever made you dig deeper  
No wonder you've got demons  
Everything you ever did is coming back around  
I can't help you, if I'm weaker  
You took the honey from the queen bee keeper  
No wonder, you have demons  
Everyone's got a choice this time around  
Around  
No wonder, you're so stubborn  
Nobody ever made you dig deeper  
No wonder you've got demons  
Everything you ever did is coming back around  
I can't help you, if I'm weaker  
You took the honey from the queen bee keeper  
No wonder, you have demons  
Everyone's got a choice this time around  
Everything you ever did is coming back around
