

**Gun (KDA Remix)**

**CHVRCHES**

You had better run from me  
With everything you own  
'Cause I am gonna come for you  
With all that I have I am gonna break you down  
To tiny, tiny parts  
I never believed but I see it now  
I'm learning your lesson Did it make you feel so clever?  
Did you wear it on your sleeve?  
Did you see another picture  
Where I was not a part so far entwined? There is no other way, never run far  
Take a good swing at me and everything is even so  
Finally we agree, no place for promises here  
You'd better run, you'd better run so  
Hide, hide, I have burned your bridges  
I will be a gun and it's you I'll come for  
Hide, hide, now it's all so easy  
I will be a gun and it's you I'll come for Who are you to tell me how  
To keep myself afloat?  
I treaded water all the while  
You stuck in the knife that you held at my back Did it make you feel so clever?  
Did you wear it on your sleeve?  
Did you see another lifetime?  
Where I was not a part so far entwined? There is no other way, never run far  
Take a good swing at me and everything is even so  
Finally we agree, no place for promises here  
You'd better run, you'd better run so  
Hide, hide, I have burned your bridges  
I will be a gun and it's you I'll come for  
Hide, hide, now it's all so easy  
I will be a gun and it's you I'll come for There is no other way, never run far  
Take a good swing at me and everything is even so  
Finally we agree, no place for promises here  
You'd better run, you'd better run so Hide, hide, I have burned your bridges  
I will be a gun and it's you I'll come for  
Hide, hide, now it's all so easy  
I will be a gun and it's you I'll come for And it's you I'll come for  
And it's you I'll come for  
And it's you I'll come for  
and it's you I'll come for And I'm gonna see that you won't go far  
And I'm gonna see that you won't go far  
And I'm gonna see that you won't go far  
And I'm gonna see that you won't go far
