

# Love Changes (feat. Mary J. Blige)

Jamie Foxx

Jamie Foxx  
You stayed awake half the night  
Love is  
Put you through changes  
Tell me why, tell me why, tell me why  
It must be love that's on your mind  
You doin' things, you wouldn't before.  
And you oughta know. Mary J. Blige  
Love will make you oh so happy  
Inside. Jamie Foxx  
Can't control it but it takes you over.  
Mary J. Blige  
Love will make you oh so sad  
Make you cry. Both  
Changes. Mary J. Blige  
Love changes, Love changes. Both  
That's what love puts you through. Mary J. Blige  
Love changes, Love changes. Both  
Changes. Mary J. Blige  
That's what love makes one do  
Love changes.  
Mary J. Blige  
Wonderin' if it's real this time  
Just not another half-goodbye  
You walk around starry eyed  
Can't believe that love would hurt again  
Hurt again. Both  
I can't believe that this love will. Both  
Love will make you oh so happy  
Inside. Jamie Foxx  
Can't control it but it just takes you over. Mary J. Blige  
Love will make you oh so sad  
Make you cry. Mary J. Blige  
Changes  
Love changes, Love changes  
That's what love puts you through  
Love changes, Love changes  
Changes  
That's what love makes one do  
Love changes. Jamie: You know what Mary?  
Mary: Yeah Jamie.  
Jamie: All I wanna do is just get back to the basic, I wanna get back to to lovin'.

Mary: Get back to huggin'.  
Jamie: Get back to carin'.  
Mary: Get back to sharin'.  
Jamie: Get back to understandin'.  
Mary: Everything we do.  
Jamie: Get back to even teachin'.  
Mary: Teach me please.  
Jamie: Get back to lovin' your woman.  
Mary: Get back to lovin' your man.  
Jamie: Get back to cookin' for your man.  
Mary: Whenever you hungry baby. Mary J. Blige

Changes  
Love changes, Love changes  
That's what love wants to prove  
Love changes, Love changes  
Changes  
Love will make you oh so happy inside Put your hands in the air.  
Love will make you oh so sad make you cry.  
Love will make you oh so happy inside.
