Take all my problems and I drown 'em in this dirty Fanta  
Baby you can tag along with me while I travel  
Pop this X with me I swear we gon' be moving faster  
Straight to the top I won't never let up  
He dropped the ball and I'm gon' pick it up  
Run that check till them niggas catch up  
Gotta be strapped when I'm up in the club  
For so many reasons they hating on us  
But we get it anyways they ain't stopping nothing  
I'm on (?) to your state where I'm coming  
Meet me at the hotel, I'ma leave in the morning  
Had to get my foot up in the game  
Fell off the ladder every time I climbed it  
I threw 38 hundred on my chain  
I go to Houston just to fuck with Johnny  
Get that bag and take care of my gang  
Since day 1 all my niggas been behind me  
I (?) where you probably can't find me  
Up in the studio fuck where they hiding  
Get money from doing these rap shows  
I'ma ride this whip as far as I can go  
Ma I swear I ain't selling that dope no more  
No more of them nights with nowhere to go  
For Lil Dave I gotta pour a 4  
I swear that shit hurting a nigga's soul  
Forever stand tall no I won't fold  
Everything that you see me with be the finest  
I can make you fall in love with all these diamonds  
Got a few tricks thats up my sleeve, I can blow your mind with

I'm addicted to getting money, addicted to shining  
 No you can't find a nigga like me, a nigga like me  
 No you can't find a nigga like me, a nigga like me  
 You can't find a nigga like me, a nigga like me  
 No you can't find a nigga like me, young nigga shining  
 Look in the mirror not seeing a thing  
 I might be the one not believing in me  
 Focused on grinding and staying humble  
 I wonder what everyone seeing in me  
 Remember when they didn't wanna believe, no, no, no  
 My diamonds is water and they tend to bling  
 I ain't finished, hold on  
 Drop top six, pull up in the (?)  
 AMG 65 on they ass  
 Burning rubber, I've been thumbing through the bands  
 Pockets poking out, I can't pull up my pants  
 Thinking back to when we didn't have a plan  
 Air conditioner broke, we just had a fan  
 Shoes dirty, everybody used to laugh  
 (?) acting bad yes I am  
 Chick who I was feeling wasn't in to talking  
 Ran the money up, then she started calling  
 Smokin' good- excuse me with the cough  
 Who is this so sorry? How you get my number?  
 I apologize, don't hate me  
 I've been whipping 'Raris out lately  
 One lifetime situation  
 Ain't nobody like me, I'm amazing  
 Everything that you see me with be the finest  
 I can make you fall in love with all these diamonds  
 Got a few tricks thats up my sleeve, I can blow your mind with  
 I'm addicted to getting money, addicted to shining  
 No you can't find a nigga like me, a nigga like me  
 No you can't find a nigga like me, a nigga like me

 No you can't find a nigga like me, young nigga shining  
 It's Stroke Tha Don  
 You know I'm the shit nigga  
 Spent a cold 20 bands on my wrist nigga  
 Blow a bag, get it back, look like we flipped the kitchen  
 Nigga this close to a million making digits off of digits  
 I'm on the block with a sack of that Urkel  
 Young nigga trapping, I'm keeping it working  
 Front on (?) just to keep 'em in focus  
 I keep it G like a real nigga supposed to  
 Bitch I'm a boss, I ain't never no worker  
 Never stop grinding, we steady be working  
 Nothing but real niggas up in my circle
