

The World Ender

Lord Huron

Whooh! I had a name but they took it from me
I was the man that I wanted to be
I had a place [?]
They burned it to the ground and the sky turned red
I had a life and a place in the world
I had a sweet talking wife and a beautiful girl
I know I'm never gonna see 'em again
Gonna tear the world up till I have my revenge
They took my life but it isn't the end, Oh
They put me in the ground but I'm back from the dead
Whooh!

Ba bu duhBa ba ba babyOh I'm a world ender baby and I'm coming for them oh
They put me in the ground but I'm back from the deadThey hear me howl by the light of the
moon

That's how you know that I'm coming for you
Gonna find you alone in the dark of night
But when the world ender comes better run for your life
I never bleed and I won't ever age
I'll never feel the embrace of the grave
But the fair and the brave and the good must die
I've seen the other side of living
I know heavens a lie
I tear through the night and I raise up hell
Cause I'm a world ender baby and I'm back from the dead
Lord knows I should be pushing daisies
I was six feet down only something raised me up
Sent back, 'fore I lift my curse
I'm gonna get me a taste of some chaos first
Don't tire, gonna get a lil' wild
Screamin' through the night like a demon child
Close your eyes now the light is fading
And the noise in the night is gonna get a little louder, babyHey!
Ba bu du

Ba ba babyOh I'm a world ender baby and I'm back from the grave
Oh they can run for their lives but they can not escape
I'm a world ender baby and I'm coming for them oh
They put me in the ground but I'm back from the dead
