

Anything For You

Ledisi

If God took me away today
I pray I did everything I could to honor you
And when I open my eyes, there's joy each day
What a blessing, I'm waking up next to you
Your kisses are a sweet surprise
Still can't believe you're in my life
The impossible is possible because of you
I will love you past forever
I'll do anything for you (I will do anything for you)
Heart and soul, I
I'll do anything for you (you are my life)
My life (one means us two)
Yeah, yeah, I'll do anything
Anything for you
Time, don't wanna waste no more time
On broken pieces from the past
We have now, nothing's better than right now
I'm committed to you, and you are to me
Yes, I'll do what it takes
Right the wrongs of my mistakes
You give me air, you give me reason to keep on fighting
For love like ours is worth it
I'll do anything for you (I will do anything for you)
Whatever, I'll do anything for you (you are my life)
You're my life (One means us two)
Heart and soul, anything (Anything)
Anything (Anything for you)
You will never know (You will never know)
How far my love will go
All the sacrifices you made to change my life
Oh, you mean so much to me (Mean so much to me)
I wish the world could see all the joy you bring to my life
I'll do anything for you (I will do)
(Anything for you) anything, anything for you (you)
Baby, I'll do anything
Anything for you (you are my life)
Whatever you ask (one means us two)
Whatever you want, I will
I will do anything (anything, anything for you)
Oh, anything (I will do anything for you)
Ask me, I'll do anything (you)
Anything for you (you are my life)
You are my world (one means us two)
You're my peace of mind (anything)
Oh, when everything is wrong (anything for you)
You're right (I will do anything for you)
oh, you give me peace of mind
My everything (you)
My, my, my, my, my, my, my

Anything for you (you are my life)
(One means us two)
One means us two, oh-oooh (anything)
Ooh (anything for you)
Anything for you
Anything for you
Anything for you
I'll do anything for you
Yes, anything, anything for you
