I Don't Know About You

Chris Lane

I don't know about you
But I never commended this far
On a Thursday before ten o' clock
But I thought what the hell, why not?
I don't know about you
But I never walk up and talk to
A stranger but when I saw you
I had to, I just had toGirl I know your favorite beer
'Cause you told me and about it
You can leave me sitting right here
But if you feel like talking
What's your name, what's your sign, what's your birthday
What's your wrist tattoo Bible verse say
Tell me this, do you kiss on the first date
Don't hold anything back
What's your dream job girl, where's your hometown
Yeah what makes your world spin around and around
And are you down to get outta here too
Tell me everything till there's nothing I don't know about youI don't know about you
We can dip, we could slip out the back
[?] put your feet on my gauge
Find a spot past the railroad tracks and never look back
But before that
What's your name, what's your sign, what's your birthday
What's your wrist tattoo Bible verse say
Tell me this, do you kiss on the first date
Don't hold anything back
What's your dream job girl, where's your hometown
Yeah what makes your world spin around and around
And are you down to get outta here too
Tell me everything till there's nothing I don't know about youI know you like Bud Lime, I know you got blue eyes
I know you got my heartbeat [?]
Tonight we can jump in, fall into something
And the perfect place to start isWhat's your name, what's your sign, what's your birthday
What's your wrist tattoo Bible verse say
Tell me this, do you kiss on the first date
Don't hold anything back
What's your dream job girl, where's your hometown
Yeah what makes your world spin around and around
And are you down to get outta here too
Tell me everything till there's nothing I don't know about you

Tell me everything, tell me everything
Tell me everything till there's nothing I don't know about you
Tell me everything, tell me everything
Tell me everything till there's nothing I don't know about you
