

Betrayer

Trivium

Betrayer
Betrayer I say, betrayer
Swear I've given you so much
Naysayer
I watched as you just lapped it up
Unwilling
Addicted to be without dignity
A cheater
You thrive on lechery I don't know what I expected
Was our time even real?
Your callous heart never seemed affected
Does a liar even know how to feel? Unto you I proclaim "Creonte" shall be your name
I'll never be a victim for you
I'll never be your fool
I'll never be a victim
Betrayer (Betrayer)
Betrayer (Betrayer) Betrayer
Betrayer You're calculating
I know you know exactly what you're doing
Your selfishness your only cause
A fake
A farce
You had us all convinced
No guilt
No heart
No love
No conscience held
Unto you I proclaim
Creonte shall be your name I'll never be a victim for you
I'll never be your fool
I'll never be a victim
Betrayer (Betrayer)
Betrayer (Betrayer) Time will not mend
All these mistakes have now brought forth the end for you, my friend Time will not end
All these mistakes have now brought forth the end for you, my friend I say, betrayer A fake
A farce
(You had us all convinced)
No guilt
No heart
No love
No conscience held Unto you I proclaim "Creonte" shall be your name I'll never be a victim for
you

I'll never be your fool
I'll never be a victim
Betrayer
Betrayer
