

# Carried Away

H.E.R.

Stare at the window  
All by myself  
Jaded and waiting for some kinda miracle, yeah  
Love doesn't live here  
And I've gotta love tears  
Sorry if I can't imagine that you care, ohPlease  
I never saw it coming  
You wanna take me away  
So please  
Don't let it be for nothing  
Before we get carried away, yeah  
In my fallen garden  
I'm good, I'll be okay  
Fronting, I don't wanna be loved anyway  
That's why I'll do as I say  
'Cause I had a bad case  
Losing the game I never wanted to play, oohPlease  
I never saw it coming  
You wanna take me away  
So please  
Don't let it be for nothing  
Before we get carried away  
Before we get carried away, yeahBefore we cross the line, i-i-ine  
Don't wanna take my chances if  
This ain't it, oh no  
If you're not sure  
Then let me go, woah ooh  
Please  
I never saw it coming  
You wanna take me away  
So please  
Don't let it be for nothing  
Before we get carried away  
Before we get carried away, yeah
