The way that you walkin, the way that you talkin
You're the one I want to spend this night with
Tryna get in them draws and bang it out til the morning
I can already tell you want it
Cause you shakin it all for me, givin it all to me
Rubbin dat body on me
Keep on shakin it all for me, givin it all to me
Rubbin dat body on meHey how you doin mama

You givin me the eye eye

What we should do today
Go tell you friends bye bye
And lets go hop a plane
It's no mistaken the attractions ironic
I wanna make you someone more then just a a bon in my closet
I wanna win that type of relationship
Where you wanna come hang when your man is trippin
You say your short this month and your late on your rent
He took your car watchin me hold this

The way that you walkin, the way that you talkin
You're the one I want to spend this night with
Tryna get in them draws and bang it out til the morning

Got every man in the club like oh my God

Tryna get in them draws and bang it out til the morning
I can already tell you want it
Cause you shakin it all for me, givin it all to me
Rubbin dat body on me
Keep on shakin it all for me, givin it all to me
Rubbin dat body on me Now I see you lookin' at my body babe,
And now you wanna come and put it on me
If I gave it to you, could you promise me that
You could make it feel like it never did
Cause I see, and you see, now if I please, could you please?
Now I ain't the one in no relationship,
And I ain't tryna be the other chick
I know you want it The way that you walkin, the way that you talkin
You're the one I want to spend this night with
Tryna get in them draws and bang it out til the morning
I can already tell you want it
Cause you shakin it all for me, givin it all to me
Rubbin dat body on me
Keep on shakin it all for me, givin it all to me
Rubbin dat body on me
