

# I've Been Waiting

Matthew Sweet

When you said to me  
You are not so old  
Did I know it then?  
'Cause I had just been told I didn't think I'd find you  
Perfect in so many ways  
But I've been waiting [waiting]  
And I want to [have you]  
I've been waiting [waiting]  
And I want to  
The secret on your lips  
That nobody knows  
Gentle in your eyes  
You can wear my clothes I didn't think I'd find you  
Perfect in so many ways  
But I've been waiting [waiting]  
And I want to [have you]  
I've been waiting [waiting]  
And I want to [have you]  
I've been waiting [waiting]  
And I want to [solo] When you said to me  
You are not so old  
Did I know it then?  
'Cause I had just been told  
You know I didn't think I'd find you  
Perfect in so many ways  
But I've been waiting [waiting]  
And I want to [have you]  
I've been waiting [waiting]  
And I want to have you [have you] [3x] I've been waiting
