

# C'mon!

## Keith Anderson

I gotta diesel on my sleezebend  
Plowin up a cloud of dust  
I just called my buddy steve  
He's been haulin here from dawn til dust  
And cotton pickin ricky said he's ready for a cold beer  
Kimmi called me from a party and said get it in gear  
We got long necks and long legs waitin for ya over hereC'mon c'mon  
We been knuckle bustin back breakin head achin all week long  
C'mon  
Hey were lookin for some lovin and a sip of somethin strong  
Gonna get it right even if it's wrong  
We gotta get it fore the gettins gone  
C'mon aww c'mon  
Drew brought his homebrew, a little bit 'll getcha lit up  
And the twins are here from school lookin good in thier 6 inch pumps  
Tommys tanked up spittin game like an oceaner  
And that rockin little red head whispered in my ear  
Lets go off into the river bed and get outta hereC'mon c'mon  
We been knuckle bustin back breakin head achin all week long  
C'mon  
Hey were lookin for some lovin and a sip of somethin strong  
Gonna get it right even if it's wrong  
We gotta get it fore the gettins gone  
C'mon aww c'mon  
C'mon c'mon  
We been knuckle bustin back breakin head achin all week long  
C'mon  
Yeah were lookin for some lovin and a sip of somethin strong  
Gonna get it right even if it's wrong  
We gotta get it fore the gettins gone  
C'mon yeah c'monWhooo
