

Work It (feat. Justin Timberlake)

Nelly

(Nelly)
Let's go(Justin)
Get ure something (Uh)
Don't say nothing (Don't you say a word)
I just want to see you work it (Come on baby work it for me, yeah)
That ain't frontin' (No)
Show me something (Let me see it girl)
I just tried to see you work it (I just wanna see you work it for me yeah)
(Nelly)
I hear her talking loud
But she ain't saying nothing
What up wit all the frontin'
Come on and show me something
You know you wanna do it
Go ahead, your man ain't coming
Please, do that thang when you dip and keep your hips bumping
What up wit all these questions
And what you kinda faded
You talking to me like you talking to an adolescent
I need to jump off, jump off
Clothes, come off, come off
Heard Maze, Frankie B.
And so on, so on
Hey, let your waist pop huh
When the bass knocks (yeah)
I flood the watch to the top utill there's no clock
Can't even tell the time
But you know it's mine
What time was it?
Ma, it's 20 carats after nine
Are you dehydrated?
Well, let me quench your thirst, check it
But first things first, let's do what we rehearsed
Don't get nervous now
And show me... break, break it
Get up and take a stance
And let me see you
(Justin)
Get ure something(Uh)
Don't say nothing (Don't you say a word)
I just want to see you work it (Come on baby work it for me, yeah)
That ain't frontin' (No)

Show me something (Let me see it girl)I just tried to see you work it
(I just wanna see you work it for me yeah) (shake it, shake it uh)(Nelly)
She still talking loud, but she ain't saying nothing
Why you ain't moving, ma?
DJ ain't playing nothing
You tell him play this here
Until the speakers blow
(Justin)
(Birthdays... pick a place, baby we can go)
(Nelly(I like your AirMax (max)
The shirt wit' no back (backs)
She showing off her tats (tats)
You ain't know slightly ghetto, ghetto
She boughetto, 'etto
She 5'5, brown eyes in stil-leto, leto (Yeah, yeah)
Well did you come alone?
Oh you got 2 or 3
That ain't no thang babygirl cuz I got 2 wit me
And we gonna all kick it
And you about to see
Just what a day would be if you was in the ride wit me
(Justin)
Turnin' on the headlights
(Nelly)
Then we free
(Justin)
Burnin' all the red lights
(Nelly)
Oh, it's full steam ahead
And ain't no stoppin' now
Now come on here and drop it
And he gonna tell you why(Justin)
Let's show something (Uh)
Don't say nothing (Don't you say a word)
I just want to see you work it (Come on baby work it for me, yeah)
That ain't frontin' (No)
Show me something (Let me see it girl)
I just tried to see you work it (I just wanna see you work it for me yeah)(Nelly)
Now come on
And all my mid west shorties come on do that thang and
(Justin)
Dance for me, dance for me, yeah
(Nelly)
And all my down south shorties come on do that thang
(Justin)
Come on, come on, come on, come on, come on
(Nelly)
And all my east coast shorties come on do that thang, I said
(Justin)

Dance for me, dance for me, yeah
(Nelly)
And all my west coast shorties come on do that thang
(Justin)
Come on, come on, come on, come on, come on(Nelly)
She still talking loud
Hold up, I hear her better now
She keep a thong print on in any weather now
No sight of her band but I can hear the horns playing
(Justin)
Do do do do do do do do
(Nelly)
She got me hypnotized
Just like that Biggie guy
Cuz she's been trying to prove a point since we been inside
Can't wait to get it on
Just wait till we get home
I'm on something... call up partner J
(Justin)
momma come on(Justin)
Let's show something (Uh)
Don't say nothing (Come on, don't you say a word)
I just want to see you work it (Come on baby work it for me, yeah)
That ain't frontin' (No)
Show me something (Well let me see it girl)
I just tried to see you work it (I just wanna see you work it for me yeah)Uh uh uh uh
Oh oh
Oh oh
Oh oh
(Justin)
I just want to see you work it
