

# So Special (feat. John Legend)

Lil Wayne

(So special girl, So special)  
(So special girl, So special)Uh, boy shorts, wife beater  
Now let me see it, I'm a sightseer  
She was sleeping on me, but she's a light sleeper  
I make her cum first, then I follow the leader  
I talk shit, I hope it matters  
We climax, without the ladder  
Can't desert the future, no Nevada  
Her body is a weapon, ratatat her  
I spent the night in heaven, I slept with an angel  
And when we finish, I swear that pussy said, "thank you"  
I said, "Your Very Welcome". I'm so well mannered  
And I go down south, Louisiana  
Baby won't you spend the night  
Darling I don't want to wake up, and you are not by my side  
(So special girl, So special)  
(So special girl, So special)  
And if you promise me tonight, Yeah  
Baby that you'll let me in, then I'mma make you feel so special girl  
(So special girl, So special)  
(So special girl, So special)  
UhThen we take a shower together, and wash each others back  
And if she kick it off, I'mma run it back  
And then she say my name, like I forgot it  
She crazy about that dick, Lorena Bobbitt  
Love be the pilot, but it's kamikaze  
Yeah, Body language, girl let's talk about itFreedom of speech, Weezy a beast  
Open her up like a book, read it and weep  
Baby won't you spend the night  
Darling I don't want to wake up, and you are not by my side  
(So special girl, So special)  
(So special girl, So special)  
And if you promise me tonight, Yeah  
Baby that you'll let me in, then I'mma make you feel so special girl  
(So special girl, So special)(So special girl, So special)  
Uh!  
Yeah, thinking bout you girl got my mind on E  
You know them other niggas ain't me  
Girl I got that 12 play for ya, that 12 play for ya  
Just sit on my grill, that's that tailgate for ya  
I, put it together, common denominator  
I tear it up like loose leaf paper

I got drinks on chill, my bedroom huge I knock her lights out, I blow her fuse  
See we don't even fuck no more, we make love  
And now she's on the tip of my tongue, my taste buds  
Cause she my honey bee, buzz buzz And now I'm itching and scratching, that's that love  
bug Baby won't you spend the night  
Darling I don't want to wake up, and you are not by my side  
Yeah, Yeah  
And if you promise me tonight, Yeah  
Baby that you'll let me in, then I'mma make you feel so special girl  
(So special y'all, So special)  
(Girl I got that 12 play for ya, that 12 play for ya, that 12 play for ya)  
(So special girl, So special to Me)
