

# Battlescars (feat. Lil Skies)

## Pollari

[Intro : Lil Skies]

Ahhh yuh they know who we are  
They know we are ayy [Chorus : Lil Skies]  
Yuh they know who we are  
I can't trust that girl I'm just gon break her heart  
Driving in my whip like it's a stolen car  
Baby I'm a star I'm shining in the dark  
Yuh these my battle scars  
Rock me like a band I'll play you like a guitar  
Rollin off the dope ashes on my scarf  
They can never play me like a deck of cards

[Verse 1 : Pollari]

I just hopped right out the coupe  
I been racing after you  
Girl I can tell you're lying  
Cos I already know the truth  
Ayy I was off the boof  
Ayy Skies was off the goop ayy  
All my brothers shoot girl  
I can show you proof  
If you're ready for love girl  
I'll be there when you call  
When it's spring or it's fall  
Yeah you know that I ball  
If you're ready for love girl  
I'll be there when you call  
When it's spring or it's fall  
Yeah you know that I ball

[Bridge]

Girl you know that I ball  
Girl you know that I ball [Chorus : Lil Skies]  
Yuh they know who we are  
I can't trust that girl I'm just gon break her heart  
Driving in my whip like its a stolen car  
Baby I'm a star I'm shining in the dark  
Yuh these my battle scars  
Rock me like a band I'll play you like a guitar  
Rollin off the dopes ashes on my scarf  
They can never play me like a deck of cards
