Pretty white lies, dancing between the lines  
She's an atheist  
Carousals in her mind, spinning all in her eyes  
She's an atheist  
Glittered faith spread all over her face  
She's an atheist  
She fades away to astronomical space  
She's an atheist But I believe in you  
(She's an atheist)  
(She's an atheist) Pretty white lies, dancing between the lines  
She's an atheist  
Carousals in her mind, spinning all in her eyes  
She's an atheist  
Glittered faith spread all over her face  
She's an atheist  
She fades away to astronomical space  
She's an atheist  
But I believe in you  
(She's an atheist)  
(She's an atheist) Atheist  
She's an atheist  
Woah, she's an atheist  
Oh, she's an atheist  
She's an atheist, yeah  
Oh, she's an atheist  
Oh, she's an atheist  
She's an atheist, atheist  
Yeah, she's an atheist  
Oh, she's an atheist But I believe in you  
(She's an atheist)  
(She's an atheist)  
Pretty white lies, dancing between the lines  
She's an atheist  
Carousals in her mind, spinning all in her eyes  
She's an atheist  
Glittered faith spread all over her face  
She's an atheist  
She fades away to astronomical space  
She's an atheist
