

Rock Your Body Rock (Moby Remix)

Ferry Corsten

I'm on a mission,
Let me take you back and forth,
I got a jam that's gonna make you scream for more.
From New York London to Amsterdam,
Let's rock, I wanna rock your body rock. I'm on a mission,
Let me take you back and forth,
I got a jam that's gonna make you scream for more.
From New York London to Amsterdam,
Let's rock, I wanna rock your body rock.
I'm on a mission,
Let me take you back and forth,
I got a jam that's gonna make you scream for more.
From New York London to Amsterdam,
Let's rock, I wanna rock your body rock.
