

Because of Your Love

[Kenny Chesney](#)

Baby I don't understand
With just A touch of your hand
Can Make me feel invincible
Do you know just where you take me
Do you know how high you make me
I need your kiss like oxygen
With your arms warm around me
When your eyes look deep into me
It's unstoppable
Baby anything is possible Everything I wanna be
Any dream I wanna dream
I can, Because of your love
Anywhere I ever go
With all of my heart I know
I am the man I am
Because of your love
Don't know how I lived before you
Now I live to explore you
Take me girl to your secret world
Where I could swim in your deep blue passion
Or I could feel your love come crashing over me endlessly
Whether your right by my side or
Whether you and I are a million miles apart
I can always feel you in my heart Everything I wanna be
Any dream I wanna dream
I can, Because of your love
Anywhere I ever go
With all of my heart I know
I am the man I am
Because of your love
Everything I wanna be
Any dream I wanna dream
I can, Because of your love
Anywhere I ever go
With all of my heart I know
I am the man I am
Because of your love Oh Baby
Because of your love
