

Underdogs

Jimmie Allen

(Hey)

For the can't catch a break-ers

The ash tray changers

I'm gonna make it one day-ers

The hail mary chance takersEverybody get your drink up, raise 'em up high
'Cause this time

This one's for the underdogs, the good guys

The comeback kids and the long shots

The bench third stringers, for the fence swingers

Keepin' on keepin' on

This one's for the underdogs

This one's for the tip jar dreamers

The barely made the team-ers

The half-full coppers, the bounce back uppers

The blind believersEverybody get your drink up, raise 'em up high
'Cause this time

This one's for the underdogs, the good guys

The comeback kids and the long shots

The bench third stringers, for the fence swingers

Keepin' on keepin' on

This one's for the underdogsTo the pick it up, shake it off do it again-ers

To the don't see 'em comin' unsure thing winners

This one's for the underdogs, the good guys

The comeback kids and the long shots

The bench third stringers, for the fence swingers

Keepin' on keepin' on

This one's for the underdogs, the good guys

The comeback kids and the long shots

The bench third stringers, for the fence swingers

Keepin' on keepin' on

This one's for the underdogs

This one's for the underdogs, yeah
