

Last Call

The Interrupters

Last call! It's the last call!
Last call! It's the last call! Let's turn on the recognize the one LAST CALL!
Blinded like i stared right at the sun LAST CALL!
Take a shot or a pint, a bottle a can, just shake it right up
Put it in my hand! Last call! It's the last call!
Last call! It's the last call LAST CALL last cal LAST CALL! I think we should buy ourselves a
drink LAST CALL!
But I'm too drive to drunk my car I think LAST CALL!
I need a whiskey coke, a bottle of wine
Cause we're ru-ru-ru-running outta time!
Last call! It's the last call!
Last call! It's the last call! We're all looking for a one-night stand
Someplace where our lifestyle is impaired
And I hope I find a goodlooking face cause
I need a ride back to my place!
Last call! It's the last call!
Last call! It's the last call! LAST CALL!
Last call! It's the last call!
Last call! It's the last call LAST CALL last call LAST CALL!
