

# Radio Jam

## Upchurch

There was a time when I would drive  
to the county line in daddy's truck  
Picking up girls with the tags expired  
To a Dairy Queen date  
Doin' under 35 jammin' big 98  
With your hair in the wind feet on the dash  
A box of night crawlers and two poles in the back of a single cab  
Just fishing for love through the radio jam  
So let the radio jam So let the radio jam  
Man we thought we were something with that new Justin Moore bumpin  
And buzzing off of some beers had like two bud lights in my stomach  
Blowin smoke but not inhalin,  
We were just tryna be cool  
Tryna impress the cheerleaders at our old high school  
We was doing burn outs getting tickets  
And the cops knew our first names  
Game warden gave us tickets for night fishing down at Cheatham Dam  
No sense and no license  
Just a couple gallons of gas  
And a love for summer time and that new hot (hot) track  
There was a time when I would drive  
to the county line in daddy's line  
Picking up girls with the tags expired  
To a Dairy Queen date doing under 35 jammin big 98  
With your hair in the wind, feet on the dash  
A box of night crawlers and two poles in the back of a single cab  
Just fishin' for love through the radio jam  
So let the radio jam  
So let the radio jam If I could talk to all the artists who came through my muddy speakers  
While I was tailgating in a field with both of my fists bleeding  
'Cause I just got in a fight  
And I thought I was gonna be in trouble  
When I walked in daddy's house we looked at me and then he chuckled  
He said "what's he look like?"  
I said "I don't know cause my adrenaline"  
Plus it was just me verses like 3 or 4 of them  
But I didn't let them get me  
I slammed one on his head  
And Timmy chased the other guys with that wooden ball bat 'Cause there was a time when I  
would drive to the edge  
Of that county line  
To a Dairy Queen date doin' under 35 jammin big 98  
With your hair in the wind, feet on the dash

A box of night crawlers and two poles in a single cab  
So let the radio jam So let that radio jam Let the radio jam  
Let the radio jam
