

Wild Life

OneRepublic

I'm staring at the sudden waterfalls
Tears that don't make sense to me at all
This life's what happens when you're making plans
Don't know what happens next or where I stand
Wanna live this wild life wild every day, woo
Wanna say the things people never say, woo-oo
I'll take all the love and all the pain, eh
Wanna live this wild life wild today, oh
Ooh-oo-oo, ooh-oo-oo, ooh-oo-oo, ooh-oo-oo
Ooh-oo-oo, ooh-oo-oo, ooh-oo-oo-oo
Give me all your love and all your pain
Gon' live this wild life wild today, oh
I'm staring at these fading signs ahead
But all these times just fill me up with dread
But life's what happens when you're making plans, woo
Dive or step right in but please don't stand, oh
Wanna live this wild life wild every day, woo
Wanna say the things people never say, woo-oo
I'll take all the love and all the pain, eh
Wanna live this wild life wild today, oh
Ooh-oo-oo, ooh-oo-oo, ooh-oo-oo
Ooh-oo-oo, ooh-oo-oo, ooh-oo-oo-oo
Give me all your love and all your pain
Gon' live this wild life wild today, oh
