

**Thank You**

**Stan Walker**

Yeah, yeah, yeah ohh...  
Mama you da best in the world  
You're more than diamonds or pearls  
Held me at my weak times  
You kept my head held high  
You've always been my superwomen  
You've always been the only woman  
To ever have my heart  
You ain't ever broke my heart  
You always seem to find a way to let me know that you love me  
No matter how far away you are, ya with me... yeah hey  
I would say 'Thank You', thank you ain't good enough  
After all we've been through, you've never ran out of love  
There's no other words to say but 'I Love You'  
So I would say 'Thank You' just know it will never no never be enough  
You correct me when I'm wrong  
You tell me that girl ain't right for me  
Tell me to look my best  
When I look underdressed  
Remind me I'm strong to forgive when I'm wrong  
Oh you pray for me, pray for me  
Oh I love it when you pray for me...  
Thank You Mama  
You been patient with me  
Oh you love me eternally...  
You always seem to find a way to let me know that you love me  
No matter how far or where you are, you're with me yeeah...  
I would say 'Thank You' thank you ain't good enough  
After all we've been through  
You've never run out of love  
There's no other words to say but 'I Love You'  
So I would say 'Thank You' just no it will never no never be enough  
'Thank You' thank you ain't good enough  
After all we've been through  
You've never run out of love  
There's no other words to say but  
'I Love You'  
So I'mma say thank you  
Just know it will never no never be enough  
So I'mma say 'Thank You'  
Just know it will never no never be enough  
(End).
