

# Between Me and You

## Ja Rule

Murder Inc. shit

Uh... uh, uh, uh Now every little thing that we do (that we do)  
Should be between me and you (me and you)  
The freaky things that we do (that we do)  
Let's keep between me and you (me and you)  
Cause every little thing that we do (that we do)  
Should be between me and you (me and you)  
The freaky things that we do (that we do)  
Let's keep between me and you, ba-byyy

Yo...

Now when I first met her all I thought was Thong thong-thong  
Like, Lose the lame, we can get our freakin on  
Baby know the game, slip away, and slide me yo' number  
It's the last day of spring, see you first day this summer  
I'm a bad motha; shut yo' mouth! Pull the drop out  
Creep at a low speed, cause homey probably know me  
I push the pedal, thoughts of your stilleto  
Way up in the air like I think he's here  
Cause see, every time that I'm alone with you (with you)  
Homey be checkin up on you (on you)  
But if that nigga only knew (only knew)  
You've got a lot of freak in you, ba-byyy

Well now it's startin to rain, I pop the roof and the champagne

How Jay said? Money Ain't A Thang

It's been close a few, at times even impossible

But, it's been between me and you, ba-byyy

Now every little thing that we do (that we do)

Should be between me and you (me and you)

The freaky things that we do (that we do)

Let's keep between me and you (me and you)

Cause every little thing that we do (that we do)

Should be between me and you (me and you)

The freaky things that we do (that we do)

Let's keep between me and you, ba-byyy Girl it's on again, every year - we hummer 'em in

Beaches, houses, hoes, foes, friends

And when the, day ends - that's when it all begins

You wit him? Here's my room key; holla at me

While you thinka-think I'ma hit it up

Then look at the nigga you thinkin you love? C'mon love

We could go there, me and you, creep off all night

If you love it, in the mornin, awake with new light

If you lookin like I ain't gonna handle his

Let me handle my bizzz, it is what it is  
Nigga livin his liiiife, and that's my bitch  
You know I gotta wiiiife, let's keep this thing tight, ba-byyyNow every little thing that we do  
(that we do)  
Should be between me and you (me and you)  
The freaky things that we do (that we do)  
Let's keep between me and you (me and you)  
Cause every little thing that we do (that we do)  
Should be between me and you (me and you)  
The freaky things that we do (that we do)  
Let's keep between me and you, ba-byyyDon't let the word get out (shhh), ba-byyy  
This is - strictly between me and you, ba-byyy  
If they - knew we were doin what we were doin it'd probably ruin  
Our creep away summer in Cancun'n-and I, love  
The way we get away, throw away a whole day  
Turn off the pagers and phones, we in the zone like  
Fuck liife, we live liife  
This is our life, live your life  
Cause see, every time that I'm alone with you (with you)  
Shorty be checkin up on you (on you)  
But if baby girl only knew (only knew)  
You've got a lot of freak in you, ba-byyyDid I ever tell you, my man love what you do  
That little thing with yo' tongue; you the best, who knew?  
It's been close a few, at times even impossible  
But, it's been between me and you, ba-byyyNow every little thing that we do (that we do)  
Should be between me and you (me and you)  
The freaky things that we do (that we do)  
Let's keep between me and you (me and you)  
Cause every little thing that we do (that we do)  
Should be between me and you (me and you)  
The freaky things that we do (that we do)  
Let's keep between me and you, ba-byyy(That we do)  
(Me and you)  
(That we do)  
(Me and you)  
(That we do)  
(Me and you)  
(That we do)  
(Me and you)
