

# Best Thing I Got

Sabrina Carpenter

So what if I just wanna be a little bit out of my mind  
I let you take my heart and I like it  
So what if I happen to be  
A little bit out of my mind  
I better steal your heart and you'll like it And I don't think it's any kind of secret  
I feel you from a million miles away Your love is the best thing that I got  
And it's only just begun  
But it's never gonna stop  
It's the best thing, the best thing that I got  
I know sometimes, it seems like I am just a little bit behind  
I get back on the beat and you know it  
And sometimes I can tell that I am just a little out of time  
I make you skip a beat and I know it But I don't think it's any kind of secret  
I think of you a billion times a day Your love is the best thing that I got  
And it's only just begun  
But it's never gonna stop  
It's the best thing, the best thing that I got So don't feel lonely tonight  
You know I'll never be hard to find  
So don't go out of your mind  
You know I'll never be too hard to find I know sometimes, it seems like I am just a little bit  
behind  
I get back on the beat and you know it  
Your love is the best thing that I got  
And it's only just begun  
But it's never gonna stop  
It's the best thing, the best thing that I got  
Your love is the best thing  
And it's only just begun  
It's the best thing
