

# Close to You

## Maxi Priest

She was A Jezebel, this Brixton queen  
Livin' the life like a back street dream  
Tellin' mi lies when the truth was clear  
I think she knew what I wanted to hear Spinnin' mi 'round like a wheel on fire  
Walkin' on tightrope, my love's high wire  
Fatal attraction is where I'm at  
There's no escapin' me I just wanna be close to you  
And do all the things you want me to  
I just wanna be close to you  
And show you the way I feel I feel love  
When I'm lying in the midnight hour  
Holding you just like a dream  
Love is never what it seems  
When we touch  
And you're holding me the way you feel  
Girl, you make my dreams come true You make my dreams come true  
I just wanna be close to you  
And do all the things you want me to  
I just wanna be close to you (Huh) And show you the way I feel (Huh-huh-huh)  
She was a Gemini on the cusp of Mars  
She holds mi back or she too far  
Windin' mi up just to let her down So emotional, gagged and bound  
There's more to this than meets the eye  
A devil woman locked outside  
With the full moon rising, I was scared  
I think I was possessed  
I just wanna be close to you  
And do all the things you want me to  
I just wanna be close to you (Huh-huh-huh-huh-huh-huh) And show you the way I feel  
I feel love  
Every time your body's next to mine  
Something deep inside of me Wants to love you endlessly  
When we touch  
Girl, you don't know how it makes me feel  
I just can't believe it's real  
I can't believe it's real I just wanna be close to you  
And do all the things you want me to  
I just wanna be close to you  
And show you the way I feel She got an attitude, I can't explain  
You never know if you're in frame  
Tying me up with elastic words  
I'm on the countdown till I get heard Her blood was hot, she burned so bright A neon sign there

in the night  
It's hard to say if I went too far  
My heart still bears a scar  
I just wanna be close to you I just wanna be close to you (Huh-huh-huh-huh)  
(I just wanna be close to you) She was A Jezebel, this Brixton queen  
Livin' the life like a back street dream  
Tellin' mi lies when the truth was clear  
I think she knew what I wanted to hear  
(I just wanna be close to you) Spinnin' mi 'round like a wheel on fire  
Walkin' on tightrope, my love's high wire  
Fatal attraction is where I'm at  
There's no escapin' me  
I wanna be close to you  
And do all the things you want me to  
I just wanna be close to you (I just wanna be close to you, baby)  
And show you the way I feel  
I wanna be close to you (Baby)  
And do all the things you want me to  
I just wanna be close to you  
And show you the way I feel
