

After Party

Dorrough Music

I checked in at the hotel
Left the hotel and hit the club
Then the club got shut down, what you do?
I turn the hotel into the club
The after party at the maryat
Iced out my canary watch
Hoes chose cause I'm very hot, what you do
I just take em to the maryat
From the strip club, to the maryat
From the liquor bar to the maryat
From the dancefloor to the maryat
The after party going down at the maryat
Oh yeah, buzzin on the beat hoe
It's 1: 30 and I'm looking for a freak hoe
I find that then it's time for a freak show
Take that pussy beat it up like d bo
I met lil mama at the titti bar
Everybody prolly know her, she a city star
Me, I just wanna cut her like a guillotine
She is not my lover, call her billy jean
And I hope she got a girlfriend, dick
I deliver like the dope man
Oops, I meant deliver like the postman
Get it girl, pop that pussy like a coke can
I'm in the club blowin dolo,
Drank got me slow mo
Can't see shit like a microscopic ...
Too much charisma, swag, mojo
Primetime click and g that's the logo
The after party at the maryat
Iced out my canary watch
Hoes chose cause I'm very hot, what you do
I just take em to the maryat
From the strip club, to the maryat
From the liquor bar to the maryat
From the dancefloor to the maryat
The after party going down at the maryat
I do everything legendary
Non fiction, y'all shit imaginary
We at the hotel fucking hale berry's
Y'all at the crib playing solitary
Y'all niggas at the crib on the internet
We in the sweet, smokin blunts like they cigarettes
Fuckin hoes with some sexy ass silhouettes

Ask anybody, primetime click, been a threat
Very hot, we at the maryat, at the top, eating papadoose carryop
Canary watch, what's going up
Got a bad bitch and a thick chick rollin up
At the mose and extendos
Smokin weed till we foggin up the windows
My niggas we fam like the winslows
And now we going whichever way the wind blows
The after party at the maryat
Iced out my canary watch
Hoes chose cause I'm very hot, what you do
I just take em to the maryat
From the strip club, to the maryat
From the liquor bar to the maryat
From the dancefloor to the maryat
The after party going down at the maryat
Rolling up weed, pouring up drinks
Throwing up 1's, I got money in the bank
Tonight we going hard, hard in the pain
Rolling up weed, pouring up drinks
Girl get down, get up
With a fine ass
Got lil mama takin shots from a wine glass
And now she getting loose as the time pass
Do it fast, let me see you throw that ass
To the floor, to the floor, to the floor,
To the floor, to the floor, to the floor
To the ground, way down,
To the ground, way down,
To the ground, way down,
To the ground, way down,
Left cheek, right cheek,
Left cheek, right cheek,
Left cheek, right cheek,
Left cheek, right cheek,
Do it girl, double time
Do it girl, double time
Do it girl, double time
Do it girl, double time
The after party at the maryat
Iced out my canary watch
Hoes chose cause I'm very hot, what you do
I just take em to the maryat
From the strip club, to the maryat
From the liquor bar to the maryat
From the dancefloor to the maryat
The after party going down at the maryat
