

Gabriel

Bear's Den

It's a part of me Gabriel
I wish I could deny,
The face that I bearly recognize
He lives inside of me,
Everyday of my life,
And I can hear him,
Screaming in the nightIt's just a shadow
Cast from all the light
Wherever I go
He's never far behind
And in the darkness
I am losing everytime
In the dark, the two of us combine
Is this all I am?
All I ever was,
All that he has won
Is all that I've lost
Won't you hear me out Gabriel?
Can't you see the shape I'm in
Just don't leave me alone
Don't leave me aloneIt's a part of me Gabriel
A stranger in the night
All that I have done
Will I ever reconcile
It's not just a shadow
but a life I left behind
the person, I am, yet most despise
Is this all I am?
All I ever was,
All that he has won
Is all that I've lost
Won't you hear me out Gabriel?
Can't you see the shape I'm in
Just don't leave me alone
Don't leave me aloneIs this all I am?
All I ever was,
All that he has won
Is all that I've lost
Won't you hear me out Gabriel?
Can't you see the shape I'm in
Just don't leave me alone
Don't leave me alone
