

# You Be Love (feat. Billy Raffoul)

Avicii

You can be the potter  
I'll be the clay  
You can be the blacksmith  
And I'll be the blade You can be the poet  
And I'll be the song  
You can be the sunlight  
And I'll be the dawn You Be  
Love  
I will be your lover  
(I'll be your lover)  
I will be your lover  
(I'll be your lover)  
You  
Be  
Love  
I will be your lover (I'll be your lover)  
Love you like no other (I'll be your lover) I will be your compass If you'll be my north  
I will be your sailor  
If you'll be my shore  
You can be the gravity  
I'll be the fall  
You can be my everything  
And I'll be your all  
You  
Be  
Love  
I will be your lover  
(I'll be your lover)  
I will be your lover  
(I'll be your lover)  
You  
Be  
Love  
I will be your lover  
(I'll be your lover)  
Love you like no other  
(I'll be your lover) If you were heaven I would gladly take my last breath  
If you're the edge then I would gladly take the next step  
Be the rain  
Coming down  
Be the flood  
Come on take me 'til I, take me 'til I drown

I need you now You  
Be  
Love  
I will be your lover  
(I'll be your lover)  
I will be your lover  
(I'll be your lover)  
You  
Be  
Love  
I will be your lover  
(I'll be your lover)  
Love you like no other  
(I'll be your lover) You can be the poet  
I'll be the song  
You can be the sunlight  
I'll be the dawn  
You can be my everything  
I'll be your all
