I Think I Love U

Dwele

Hello, it's me

I was wondering if after all these years you'd like to meet

To go over everything

They say that time's supposed to heal ya, but I ain't done much healingHello, can you hear me?

I'm in California dreaming about who we used to be

When we were younger and free I've forgotten how it felt before the world fell at our feetThere's such a difference between us

And a million milesHello from the other side

I must've called a thousand times

To tell you I'm sorry for everything that I've done

But when I call you never seem to be home

Hello from the outside

At least I can say that I've tried

To tell you I'm sorry for breaking your heart

But it don't matter, it clearly doesn't tear you apart

AnymoreHello, how are you?

It's so typical of me to talk about myself, I'm sorry

I hope that you're well

Did you ever make it out of that town where nothing ever happened? It's no secret that the both

of us

Are running out of timeSo hello from the other side

I must've called a thousand times

To tell you I'm sorry for everything that I've done

But when I call you never seem to be home

Hello from the outside

At least I can say that I've tried

To tell you I'm sorry for breaking your heart

But it don't matter, it clearly doesn't tear you apart

Anymore, ooooohh

Anymore, ooooohh

Anymore, ooooohh

Anymore, anymoreHello from the other side

I must've called a thousand times

To tell you I'm sorry for everything that I've done

But when I call you never seem to be homeHello from the outside

At least I can say that I've tried

To tell you I'm sorry for breaking your heart

But it don't matter, it clearly doesn't tear you apart

Anymore
