

Pretty, Pretty

Jasper Sawyer

Every morning I'm gon' be here
Why are you crying, why so many tears
You've been there for me I've been there for you Look in the mirror and think this through
Something as perfect and pretty as you
I never could leave, you gotta believe But you think my heart's not there
Cause it's been a while, you keep telling me it's been a while
Let me tell you something Yes I know we've been together for so long
You think that I can't see
After these years
You're still pretty, pretty
Truth be told, we grow stronger see
I need your love so don't worry bout me
Cause I still think you're perfect
Perfect, pretty, pretty Every morning you're next to me
Why do you worry, just go back to sleep
I know you love me, you know I love you Oh, think of the moments of me and you
Our love is stronger, for what we've been through
You're my family, that's always gon' be But you cry when I'm not there
You're afraid of time, You keep saying you're afraid of time
Let me tell you something Yes I know we've been together for so long
You think that I can't see
After these years
You're still pretty, pretty
Truth be told, we grow stronger see
I need your love so don't worry bout me
Cause I still think you're perfect
Perfect, pretty, pretty Even in the morning, girl you're pretty
Everything you do, girl you're pretty
After ten years, girl you're pretty
A hundred more too, girl you're pretty, pretty Even in the morning, girl you're pretty
Everything you do, girl you're pretty
After ten years, girl you're pretty
A hundred more too, girl you're pretty, pretty Yes I know we've been together for so long
You think that I can't see
After these years
You're still pretty, pretty Truth be told, we grow stronger see
I need your love so don't worry bout me
Cause I still think you're perfect
Perfect, pretty, pretty Yes I know we've been together for so long
You think that I can't see
After these years
You're still pretty, pretty Truth be told, we grow stronger see

I need your love so don't worry bout me
Cause I still think you're perfect
Perfect, pretty, pretty Girl I'm thinking, I'm thinking, I'm thinking, I'm thinking, I keep on
thinking Gimme, Gimme, Gimme, Gimme
Gimme, Gimme, Gimme, Gimme
Give me your love End
