

# Numb

David Archuleta

I think I'll take a second chance  
I won't be passing by these waters again  
Wanna feel redemption's hand  
See this life only for what it, what it is  
I know the river's not too wide  
I can see it for myself with my own eyes  
Someone out there's on my side  
It's not my place to question whyEverybody needs time away  
To wake up with the sun on their face  
I'm not there yet but i know  
That I don't wanna feel numb  
Falling over all of my shadows  
Yeah I'm all done  
Coz none of that ever really mattered  
It hurts to live so wide awake, oh  
But it's a chance I can take  
I won't run run run  
Coz I don't wanna feel numbSo deep inside these hills I run  
To a place where I can see til Kingdom Come  
See the days one by one  
And love this life only for what it, what it is  
I hear the whispers in the stars  
The words that tell us more of who we are  
Someone out there's not that far  
Everything I need is here nowEverybody needs time away  
To wake up with the sun on their face  
I'm not there yet but i know  
That I don't wanna feel numb  
Falling over all of my shadows  
Yeah I'm all done  
Coz none of that ever really mattered  
It hurts to live so wide awake, oh  
But it's a chance I can take  
I won't run run run  
Coz none of that ever really matteredA tidal wave brought to life  
Rushing over every doubt of mine  
Open soul open sky  
Everything, everything is rightI don't wanna feel numb  
Falling over all of my shadows  
Yeah I'm all done  
Coz none of that ever really matteredIt hurts to live so wide awake, oh  
But it's a chance I can take

I won't run run run  
I won't run run runCause I don't wanna feel numb  
Cause I don't wanna feel numb  
Cause I don't wanna feel numb
