

You Only Need Me When You're Down

[Danielle Nicole](#)

Saw you walking, Just the other day
Prayed like hell... you wouldn't look my way
Its always the samewhen you come around
You only want me when you need me
You only need me when you're down. X 3Sometimes there days, sometimes it's weeks
But I know you'll wanna come up kissing mycheeks
Oh when you need a little money, to get yourself across town
You only want me when you need me, you only need me when your down x3lead
Sitting here wait'in on the side of the road
Said you'd come when I called you hours ago
Now you're too busy, to come and help me out
You only want me when you need me, you only need me when you're down x 3
