

# Another Head Put to Rest

## Lil' Troy

Back in effect!(Scarface)

Dig it

Comin back, I'm too large, I'm widdit

Come test me, you wanna get scarred, back in effect

That means that Ac' is comin hard

And you're regrettin that you tried to pull his card

I start to sweat, when MC's get out of hand

And I don't let you amateurs get on the stand

I just go get Johnny B the right-hand man

and watch em jet, when the Action takes a stand

I'm on the set in other words, I'm in effect

Grab your cassettes, hit your rewinds, and your ejects

Tell your friends that Ac' is back and? as death

Another head put to rest

"When you wanna step to me I think you should know that." - Kane

"I am a nightmare walkin, psychopath talkin." -?"Action!"(Scarface)

I go for broke, so why would you waste time

Here comes an Einstein, bringin the bassline

Boy you're a sad case, still wanna test mine?

Yeah this is Brad's race, and here comes the next rhyme

You shoulda thought, before you stepped into

the center square, now I'm gonna bend you

You shoulda broke out, right after when you

had the chance, so let me continue

I've got rhymes that can go on forever put em in mines and combine

and make em clever, irritatin the most minds

Aiyyo money, it's toast time, let us compare

Who's got the dope rhymes?

I take it as it comes, I got the gall

I couldn't fake it, so who's the one you call

to rock a party, and you know that Ac' won't stall

Pass me the 40, I'm back in effect y'all

And step, and give the man some respect

You guessed, another head put to rest

"When you wanna step to me I think you should know that." - Kane

"This is how it should be done." - Rakim"Action!"(Scarface)

Back, comin back like a crackfiend

Strong, I leave a mark like a vaccine

Stop, you comin off on a wack scene

You're steppin on Ac's green

Move, up close, to the animal

Not a vegetarian, I'm more like a cannibal

I'm comin hard, I'm comin hard, you can't stop the press  
Ac' is a madman and I'm grabbin hostages  
Flow, at will, stand at attention  
now go, no more plottin and no mo' bitchin  
Ac' is a man, who's gonna get off  
Whassup? Step off  
I heard your rhymes, and nevertheless  
I never fess, and I'm back to progress  
I yell whassup? Put you to a test  
Another head put to rest "When you wanna step to me I think you should know that." - Kane  
"B. is on the cut." - Rakin(Scarface)  
As you sit, in your crib just imaginin  
how to make up a jam that just hasn't been  
used, by the Ac' kid now that's a laugh  
It's over, on the level, stack up the trash  
Pause, and let me break it down the way  
I want to break it, and see how it sounds too  
I couldn't fake it, cause Ac' ain't around to play  
I couldn't take it, now H-Town is bound to pay  
Bet, the man tried to hold me back  
Now sweat, you couldn't control the Ac'  
Go get, upset cause I told the facts  
You'll jet, cause here comes a load of wax  
I cool, on the scene I'm in the spotlight  
A fool, tried to test me then I got hype  
I taugt school, told them to take a hike  
Grab the mic, psych, that jam is too hot right  
I prove, to all you punks just like Willie D  
Ooooh, don't mention names, oh silly me  
But on the real tip, take it seriously  
You couldn't handle Ac', I mean really D  
I'm coolin, and steppin, whassup with that?

Backs to progress, another head put to rest "When you wanna step to me I think you should  
know that." - Kane

"Ain't. no. half. steppin."(Scarface)
