

# Selfish (feat. Cleo Sol)

## Little Simz

[Cleo Sol:]  
I can't sleep at night  
I don't wanna fight  
My best friend tonight  
I'm so selfishGuess I'm in denial  
Maybe I'm wrong, you're right  
Heard it all my life  
I'm so selfishAh ah ah ah huh  
I'm so selfish  
Ah ah ah ah huh  
I'm so selfish  
[Little Simz:]  
I got a very big ego  
Embedded in me that's the heritage ego  
And land made [?], they ain't messing with the steeze though  
And now I'm here, can't entertain no bummy niggas  
Need my nigga fresh in a tuxedo  
Me and my new case, steady blowing weed smoke  
I'm a woman, I can teach you a little something about class  
Diamonds will forever be a girls best friend  
Everything's imperative for the way I live  
I know it's material but not irrelevant  
All these [?]  
Tell my I rate my niggas up but never did [?]  
Self loving  
Need more self loving  
That's how it goes  
They wanna know you when your buzzing  
But first things first  
Number one and priority, call it what you want  
Doesn't phase, doesn't bother me  
Honestly  
[Cleo Sol:]  
I can't sleep at night  
I don't wanna fight  
My best friend tonight  
I'm so selfishGuess I'm in denial  
Maybe I'm wrong, you're right  
Heard it all my life  
I'm so selfishAh ah ah ah huh  
I'm so selfish  
Ah ah ah ah huh

I'm so selfish[Little Simz:]  
Love and hate can never be friends  
Don't rush everything in this divine time  
I impeach you couldn't handle a woman in my caliber [?]  
Had to let you mature like some fine wine, yeah  
No validation, no applause  
You don't have prove you got it when you know it's yours  
I don't wanna feel disloyal for wanting to do me  
Then you act brand new but I know the cause  
Call it what you like, until now I ain't ever been the selfish type  
Until now I ain't ever told nobody no, don't get it twisted  
This shit didn't happen overnight  
Still if your life is amazing what you got to fear?  
Can't be concerned with what they're saying over there  
I make it clear don't be in and out about what you hear  
You say I always get what I want and it isn't fair  
But life isn't fair  
Go[Cleo Sol:]  
I can't sleep at night  
I don't wanna fight  
My best friend tonight  
I'm so selfishGuess I'm in denial  
Maybe I'm wrong, you're right  
Heard it all my life  
I'm so selfishAh ah ah ah huh  
I'm so selfish  
Ah ah ah ah huh  
I'm so selfish
