

# Baby King

Marc Cohn

Baby King  
Baby King  
You got to get ready for a Baby King  
You might dance, Daddy  
You might sing  
But you never seen nothin' like a Baby King  
It was a bright and sunny summer morn, she said  
(Get ready for a Baby King)  
It wasn't too long, for he was born now  
(Get ready for a Baby King)  
As you could hardly tell by the look on his face  
(Get ready for a Baby King)  
The pretty soon he was gonna run the place  
(Get ready for a Baby King)  
Now he is strong and he is wise, yeah  
(Get ready for a Baby King)  
He sees right through your old disguise  
(Get ready for a Baby King)  
Now you might think that you got it down  
(Get ready for a Baby King)  
Wait till Baby King comes to town now  
(Get ready for a Baby King)  
'Cause here he come  
Baby King  
Baby King  
You got to get ready for a Baby King  
You might dance, Daddy  
You might sing  
But you never seen nothin' like a Baby King  
No virgin Mary brought him here but  
(Get ready for a Baby King)  
The angels whispered in his tiny little ear  
(Get ready for a Baby King)  
But then they sent him down from up above  
(Get ready for a Baby King)  
Just to show you how to really love  
(Get ready for a Baby King)  
'Cause here he comes  
Baby King  
Baby King  
You got to get ready for a Baby King  
You might dance, Daddy  
You might sing  
But you never seen nothin' like a Baby King  
You might dance, Daddy  
You might sing

But you never seen nothin' like a Baby King
